## C & J Graduate Student Cumulative Review Policy, Procedure, and Form

*Policy*: All graduate students are required to participate in the cumulative review procedure in order to continue to receive or be considered for funding for the following year and to retain their good standing in the program, which includes being able to defend the prospectus and dissertation, or to receive departmental awards.

The purpose of the Cumulative Review is to: provide information for annual graduate student award selection, assess each student's progress toward the degree, identify accomplishments and areas worthy of praise as well as areas in need of improvement, outline any unmet needs and concerns, and offer recommendations for ways the department can support student success in the program.

## Procedures:

- **Step 1**. All students must submit an Annual Review Form by **April 15**. If deadline falls on a weekend or University holiday, deadline is extended to the next business day. Please send completed electronic copies of your report via email to two contacts:
  - a) Your Advisor/Dissertation/Thesis Director (If you have not selected an advisor, the temporary advisor or Director of the Doctoral/Master's Program will serve as your advisor.)
  - b) the Director of the PhD Program, Dr. Sun Hong (<u>sunhong@unm.edu</u>) if you are a PhD student; or to the Director of the Master's Program, Dr. Dave Keating (<u>davekeating@unm.edu</u>) if you are an MA student.
- Step 2. All graduate students will schedule a meeting with their advisor no later than April 30<sup>th</sup> to discuss the annual review. During this meeting, student and advisor will review the student's progress, check appropriate box on last page, and both sign the evaluation documenting the meeting and discussion.
  - If student progress is not satisfactory and faculty checks box "Consultation Needed" on last page of evaluation, the faculty member will discuss issues with the student and write a summary of key issues and areas where student needs to improve in order to regain satisfactory status. This summary can be included on the last page of the evaluation form or written in a separate letter. The letter/summary and copies of the signed evaluation form should be sent to the Department Chair, Students' Committee Members, and the Graduate Program Director. We recommend that faculty advisors, when meeting annually in the spring with their advisees to discuss the student's annual review, review the student's research goals, outline resources that could be beneficial, and establish a schedule for upcoming conference presentations and publication submissions.
- **Step 3**. By **May 13** of the spring semester, advisors will submit a signed electronic copy of the entire evaluation document, including advisement letter/summary, to the Graduate Advisement Coordinator to be placed in the student's permanent departmental file.
- **Step 4.** All students, upon successfully defending their dissertations, will participate in exit surveys to be administered by the Directors of the Doctoral and Master's programs.

## Graduate Student Cumulative Review Form (See policy & procedures below)

Student:		Semester:	Semester: Spring	
	te Student Cumulative Review Foctors (PhD, Dr. Sun Hong; MA, Dr
